

Dr. Babasaheb Ambedkar Technological University, Lonere
B.Tech. course in Electronics and Telecommunication Engineering
Summer Semester Examination 2017(Old Course)

Subject: Advanced Microprocessor and Interfacing (Old Course)

Semester: VI

Date : 11/5/2017

Marks: 50

Instructions to students:

- 1) Figures to the right in square bracket indicates full marks.
- 2) Illustrate the answers with neat sketches, diagram etc. wherever necessary.
- 3) Necessary data is given in the respective questions. If such data is not given it means its knowledge is a part of examination.
- 4) Attempt any 5 questions

- Q. 1** Write a short note on following addressing modes of 8086 with suitable examples of each. [10]
- I. Register addressing mode
 - II. Memory addressing mode
 - III. Immediate addressing mode
 - IV. String addressing mode
 - V. Implied addressing mode
- Q. 2** Explain following instructions with suitable examples of each. [10]
- I. MOV [SI], AL
 - II. PUSH AX
 - III. XCHG AX, BX
 - IV. ADC AL, BL
 - V. MUL CX
- Q. 3** Explain Architecture of 8086 microprocessor with neat block diagram. [10]
- Q. 4** Draw and explain pin diagram of 8086 microprocessor with neat pin diagram. [10]
- Q. 5** a) List and describe the steps an 8086 will take when it responds to an interrupt [5]
 b) Describe the 8086 interrupt pointer table in detail. [5]
- Q. 6** Explain DMA mode of data transfer in detail. [10]
- Q. 7** Interface two 4Kx8 EPROMs and two 4Kx8 RAM chips with 8086. Select suitable maps. [10]
- Q. 8** Explain internal architecture of 80286 in detail. List the salient features of 80286. [10]

*****All The Best*****
